Refrigerated containers

## RF20C Refrigeration/freezer container

Robust refrigerated-freezer container (20-ft reefer) with a volume of 28 m<sup>3</sup>. This container is the first of its kind to use the natural refrigerant CO2 with a GWP value of 1. The user-friendly container features a flat floor, double doors and safety facilities. The container meets HACCP/GMP requirements; the container including its contents can be moved using a forklift truck or crane truck.

## Technical specifications **RF20C**

| Amount of pallets (euro) | 10       |
|--------------------------|----------|
| Volume                   | 28 m³    |
| Min. inside temperature  | -40 °C   |
| Max. inside temperature  | 25 °C    |
| Min. outside temperature | -40 °C   |
| Power connection         | 32 A CEE |
| Voltage                  | 400 V    |
| Current (max)            | 29 A     |

| Current (nominal) | 25 A    |
|-------------------|---------|
| Recommended Fuses | 25 A    |
| Phases            | 3 + PE  |
| Length (external) | 6060 mm |
| Width (external)  | 2440 mm |
| Height (external) | 2590 mm |
| Length (internal) | 5360 mm |
| Width (internal)  | 2290 mm |

| Height (internal)     | 2310 mm                |
|-----------------------|------------------------|
| Door height           | 2260 mm                |
| Door width            | 2200 mm                |
| Max. load             | 3000 Kg/m <sup>2</sup> |
| Weight                | 3400 kg                |
| Sound level (at 10 m) | 55 dB(A)               |
