

Modular freezer rooms

OVxx Modular freezer room

User-friendly sectional frozen storage cell with a volume of 10 m³. The frozen storage cell has been fitted with a flat anti-skid floor, lighting, a door with frame heating that opens smoothly, and has a very low entry height. The frozen storage cell meets the HACCP/GMP requirements and can be installed quickly with panelmounted quick-connectors and a ready-for-use plug 'n' use freezer unit. Accessible via door that can also be opened from the inside. This storage cell is both low noise and low energy. Indoor installation only.
