OG300C Industrial boiler

Gas- or diesel-fired mobile boiler room with a heating capacity of 350 kW installed in a robust steel heating container. The powerful and compact unit is easy to install, also in hard to reach locations. The mobile industrial boilers provide water temperatures of up to 90 °C and pressures of up to 4 bar. The efficient boiler features various safety facilities, frost protection, low NOx burners, smart control technology and has the lowest emissions, energy consumption and noise levels in the European market
