

## Heater MOH61

All heaters can be fitted with a variety of blow-off options. As a default, all our heaters are supplied with a thermostat, a spark catcher and a flue tube.

### Technical specifications MOH61

Heating capacity	61 kW
Nominal air flow	3100 m <sup>3</sup> /h
Voltage	230 V
Frequency	50 Hz
Power consumption	1.2 kW
Controller	Thermostat
Power connection	SCHUKO 230V
Phases	1 + N + E
Consumption	6.5 L/h
(Air) pressure	150 Pa
Fuel type	HBO1
Flue tube diameter	180 mm
Length	1510 mm
Width	710 mm
Height	1280 mm
Weight	190 Kg
